Fairview.

Abundant rain.

The tobacco growers are all very busy at this season of the year cutting their crops.

The circus claimed a large number of the citizens of this section last Monday.

A Democratic club was organized at the school-house last Saturday night.

There never was known to be such a boom in the way of barn building as is in this section this year.

Mr. James Hieatt and wife visited the family of Mr. T. Brawner, this county, last Saturday.

Mrs. Wm. Harrod, a highly esteemed lady, who has been residing on the Capt. Russell farm for some time, died of paralysis last week.

The Sunday-school Convention at Graefenburg, on the 8th, was a great success, which was appreciated by all who attended.

Recovers His Speech.

Alphonse Hempling, of Summit township, Butler Co., Penn., made an affidavit that his twelve-year-old son who had had St. Vitus Dance for twelve years, lost his speech, was completely cured after using three bottles of Dr. Miles' Restorative Nervine, and also recovered his speech. Thousands testify to wonderful cures from using it for nervous diseases, dyspepsia, nervous debility, dullness, confusion of mind, headache, &c. Four doses of this Nervine cured Mrs. W. E. Burns, South Bend, Ind., who had been suffering with constant headache for three months. Trial bottle and elegant book free at J. W. Gayle's.

Will be named by the Queen & Crescent Route and Louisville Southern Railroad for the following occasions:

September 14 to 17, Colored Agricultural Fair at Lexington, Ky.

September 20th, Grand Lodge Knights of Pythias of Kentucky, Harrodsburg, Ky.

September 22 Kentucky Conference M. E. Church, at Louisville, Ky.

September 28th, Meeting of Orphan Brigade Confederates, at Paris, Ky.

The Queen & Crescent Route will place on sale at greatly reduced rates excursion tickets to many points in the west and north-west and to Arkansas, Texas and Indian Territory, on September 27th and October 28th, 1892. Good for return twenty days from date of sale. For rates, maps, etc., apply to agents of the Q. & C. Route or to agent at your station, or address D. G. Edwards, G. P. A., Cincinnati, O.

Physicians Puzzled.

Many persons are unable to sleep on their left side. The cause has long been a puzzle to physicians. Metropolitan papers speak with great interest of Dr. Franklin Miles, the eminent Indiana specialist in nervous and heart diseases, who has proven that this habit arises from a diseased heart. He has examined and kept on record thousands of cases. His New Heart Cure, a wonderful remedy, is sold at J. W. Gayle's. Thousands testify to its value as a cure for Heart Diseases. Mrs. Chas. Boney, Loveland, Colo., says its effects on her were marvelous. Elegant book on heart disease free.

Duckers.

Beautiful weather.

Quite a lively hail storm visited this place on Friday of last week. Many of the stones were as large as walnuts, but no serious damage was done.

Messrs. James Corbin and Jacob Johnson, of Owen county, are visiting the family of Mr. Sam Johnson.

Miss Minnie Steele, of Alabama, is visiting friends here.

The many friends of Miss Sue Poynter will be glad to learn that she is rapidly recovering her health.

Our corn crops are fairly good. Tobacco good, much of it has been

housed in good condition. Many growers used parrot green to poison worms, and it is thought these may have to use their crops for manure. Buyers and consumers do not seem to relish Parrot green as a flavoring.

The celebrated White Caps have made their appearance in the Four Corner's neighborhood. One man has been whipped and several others have found notices accompanied by bunches of switches, at their doors. We do not endorse lawlessness, but these White Caps are after the right men—they are wife beaters.

Great revivals have just closed at Grassy Springs, Glens Creek and Harmony Churches, with many additions to each. Meetings are now in progress at Duckers and at Millville.

A small frame building on the farm of Mr. R. J. Fogg was consumed by fire on the night of the 10th inst. Supposed to be the work of an incendiary.

Mrs. William Quinn, who is in Louisville, is reported seriously ill from the effects of a surgical operation recently performed. Mrs. Quinn and her family have the deepest sympathy and best wishes of this entire community.

LATER—She died on Sunday afternoon. BULLDOGS.

John S. Edwards.

Of Adams, N. Y., makes the following sworn statement: Kenyon & Thomas: This is to certify what I know your wonderful medicine, Dr. Hale's Household Ointment, will do in cases of pneumonia. Last winter my mother, who is 75 years of age, was sick unto death with pneumonia. Both lungs were badly involved. The attending physician said she must die. As a last resort we commenced using your Dr. Hale's Household Ointment, applying it freely and thoroughly to the chest, keeping the lungs covered with hot flannels. She soon began to improve and in twelve hours the crisis was passed and she was out of danger and is alive and well to-day. Your great remedy saved her life. JOHN S. EDWARDS.

Sworn and subscribed before me, WM. H. H. TAYLOR, Notary Public. For sale at Carpenter's South Side Drug Store.

Deaths.

Mr. and Mrs. John Epley's infant child died Wednesday and was buried Thursday.

A four-year-old child of Mr. Lucien Williams, of Newport, formerly of this city, died in that city Tuesday and was buried in the cemetery here Wednesday.

The sad intelligence was received in this city Sunday of the death of Mrs. W. B. Quinn. The deceased had gone to Louisville to the Norton Infirmary to be treated for a tumor which, under an operation Saturday by Dr. McMurtry, of Louisville, and Dr. E. E. Hume, of this city, had been successfully removed. A hemorrhage set in that evening, however, which the physician in charge could not overcome, and by noon on Sunday death ended the patient's suffering. The remains were taken to Jettis Sunday evening, where, from the home of the bereaved husband, the funeral was preached on Monday by Rev. Dr. J. R. Sampey, of Louisville. In the cemetery of this city, all that was mortal of the deceased was laid to rest. Mrs. Quinn was a noble woman, strong in the faith and fortitude of the religion of Christ and though death, bringing separation from her loved husband and little boy, as present to her mind, she announced her resignation to the will of Him, "who doeth all things well" and looked beyond the grave to the happy reunion in heaven. The grief-stricken husband and the motherless child will have the sympathy of the entire county.

A Cure For Paralysis.

Frank Cornelius, of Purcell, Ind. Ter., says: "I induced Mr. Pinson, whose wife had paralysis in the face, to buy a bottle of Chamberlain's Pain Balm. To their great surprise before the bottle had all been used she was a great deal better. Her face had been drawn to one side; but the Pain Balm relieved all pain and soreness and the mouth assumed its natural shape." It is also a certain cure for rheumatism, lame back, sprains, swellings and lameness. 50 cent bottles for sale by J. W. Gayle, druggist. 52

A Public Library.

"Books we know
Are a substantial world, both pure and good;
Tis not these, with tendrils strong as flesh and
blood,
Our pastimes and our happiness will grow."
—Wordsworth.

To the man whose taste or training has raised him to a plane in life where the highest standard of excellence in books affords him a pleasure that nothing else can equal, a public library is not a private necessity. It may augment his pleasures to place within easy attainment a greater variety of good books than his purse may enable him to select from, but it can never deprive him of the power of finding a pure, healthy, invigorating exercise of the mind in such books as he may borrow or his taste, even at the sacrifice of other cherished plans, impel him to acquire. He may have read them once, twice or thrice, but, like a man who grows fond of those friends whom he can trust and has known the longest and most intimately, he can turn again to them with the affection and confidence which never failing joy and satisfaction in their company inspire. Where there is one man, however, who will fill this measure, there are hundreds who will fall short of it and seek diversion in idleness or from the weighty cares of life on planes less improving or ennobling.

For these hundreds whose tastes may be strengthened by placing good books at their elbows for the asking and for the benefit of the children growing up into men and women, whose minds, if nourished on the most wholesome literature, may find higher sources of enjoyment in mature life than enfeebling or vicious gossip or the reading of romances in which an unrealistic love and chain of happenings constitute the only merit, there ought to be a fund started in this city for the establishment of a public library. A few entertainments for this purpose might lay the foundation of an institution which generations to come may never cease to praise and bless. A small collection of books this year may be the means of bringing an addition to the stock next year from some private library, and the succeeding year, insuring the success of the movement, may commendably prompt some worthy citizen to leave his impress on the city's future by bequeathing to the cause at his death, a portion of his estate. In this way there may gradually grow up in this city a public library, which in its influence and power for educating, refining and elevating the reading taste and providing an ever fresh and strengthening source of mental recreation, may accomplish more good than language or time could fully record. As Sir John Herschel says: "Were I to pray for a taste which should stand me in stead under every variety of circumstances and be a source of happiness and cheerfulness to me during my life, and a shield against its ills, however things might go amiss and the world from upon me, it would be a taste for reading. Give a man this taste and the means of gratifying it, and you can hardly fail of making him a happy man; unless, indeed, you put into his hands a most perverse selection of books. You place him in contact with the best society in every period of history—with the wisest, the witliest, the tenderest, the bravest and the purest characters who have adorned humanity. You make him a denizen of all nations, a contemporary of all ages. For him the world has been created."

Children Cry for Pitcher's Castoria.

Mrs. Harrison Ill.

The wires from Loon Lake, N. Y., bear the sorrow-laden tidings of the critical illness of the wife of President Harrison. The prayers of a united nation, irrespective of sections and party differences, will ascend in earnest pleading for the recovery of this noble woman who graces the White House, and so worthily wears the honors of her distinguished husband.

The True Laxative Principle

Of the plants used in manufacturing the pleasant remedy, Syrup of Figs, has a permanently beneficial effect on the human system, while the cheap vegetable extracts and mineral solutions, usually sold as medicines, are permanently injurious. Being well-informed, you will use the true remedy only. Manufactured by the California Fig Syrup Co.

Gone to New York for Goods.

James Heeney, the South Side grocer, left last Tuesday for New York to purchase his fall stock of fancy groceries. He expects to carry the largest line of this class of goods ever handled in this city. Mr. Heeney says there is nothing in the market too good for his customers. He is the only grocer in this city who goes direct to the eastern market to buy goods and only buys from first-class houses, whose reputation is a guarantee of the goods handled by them.

Almost a Panic.

While the Sells Circus parade was passing up Broadway Monday morning the switch engine passed along and frightened the horses of a four-horse team attached to one of the wagons, causing them to rear and plunge. The people standing in the street watching the parade became demoralized and ran in every direction without looking where they were going. A woman in the crowd got too near to the engine and was struck by one of the steam chests and thrown some distance, but escaped with a few bruises. A little boy by the name of Tommie Finn, who lives out on the Glens Creek pike, was knocked down and run over by the wagon, one of his legs being pressed against a stone as the wheels of the wagon passed over him. He was picked up and carried to Dr. C. B. Chinn's office, where his injuries were dressed. Col. Chas. W. Seeley, Press Agent of the Circus, and Mr. Peter Sells, one of the proprietors, went to the office, paid the doctor's bill for his services and sent the little fellow to his home in a buggy.

Young Ladies Euchre Club.

The first of this season's entertainments of the Young Ladies' Euchre Club was given by Misses Margaret Dudley and Henrietta Blackburn in the parlor of the Capital Hotel Tuesday night. It was a happy gathering of the young people after their summer's recreation and all present entered into the game with a hearty zest. The prizes were handsome, a silver hair pin for the successful lady, Miss Jessie Calmes, and a silver paper cutter for the successful gentleman, Mr. Deleno B. Walcutt. Refreshments were served at midnight, after the conclusion of the game. The following ladies and gentlemen were present:

Misses Poindexter, of Mississippi; Kearns, of Covington; Orblson, Brown, Sawyer, Carrie and Sallie Holt, VanDerwee, Pepper, Calmes, Johnson, Crittenden, Stanton and Mrs. J. M. VanDerwee; Messrs. Farnsworth and Looney, of Lexington; Gray, Griffith, Hewitt, Lindsey, Rodman, J. M. and R. A. VanDerwee, Clark, Craig, Alexander, Carroll, Brown, Hines, Blackburn, Shackelford, Stanton.

The Lost Boy.

Mr. John S. Pierce, jr., of Peak's Mill, has received the following letters from parties in Lexington in regard to the boy Curtis Lawrence, who ran away from his house last June:

LEXINGTON, KY., Sept. 8, 1892.

Mr. John Pierce: DEAR SIR—Curtis Lawrence came here about the middle of June; slept in cooper shop every night for two weeks. He was dressed in common clothes, but had a nice suit of clothes with him. Said he was from Peak's Mill and had lived with Mr. John Pierce. I have not seen him since the middle of July.

A. J. Oots. P. S.—James Doyle and family, Dennis O'Riley, W. E. Oots, Howard Oots and many others saw the boy while here.

Yours respectfully, A. J. Oots.

LEXINGTON, KY., Sept. 8, 1892.

Mr. John Pierce: DEAR SIR—I have seen James Doyle, groceryman on the corner of Cox and Main streets; talked with his wife and children; all of them told me that Curtis Lawrence was there frequently from the middle of June until the latter part of July; that he left Lexington on a freight train going to Louisville, and had not seen him since. I also had a talk with Dennis O'Riley. He said he saw the boy often from the middle of June up to the latter part of July; he said he worked a few days for the Lexington Picking Company; did not know when he left Lexington, but had not seen him since the latter part of July.

J. C. Babbco. I, Charles Hamilton, was with Curtis Lawrence at Lexington; we left Lexington on the 6th day of July; we went then to Louisville, from Louisville to Anchorage; from Anchorage to Lagrange; from Lagrange to Benson; we stayed two days with Mr. Nathan Razor. He then left on the 14th day of July for Bowling Green, with fifty cents in money.

CHARLES HAMILTON. The following gentlemen saw him while in Benson: J. W. Polsgrove, Ans. Robinson, Toll Bush, Fred Hulett, Lou Tracy, Jas. P. Hulett and J. C. Cardwell.

Sells Brothers' Circus.

It was estimated that at the afternoon performance of Sells circus Monday, there were as many as 5,000 people. Though it rained at night and kept many from attending who would otherwise have gone, the immense amphitheatre was quite well filled. To both performances there were probably more people than to any show that has been here for years. The audience included not only the best resident portion of the city and county but such distinguished sojourners as ex-Gov. Knott, the Judges of the Court of Appeals, and Superior Court, nearly all the State officers and the members of the General Assembly. Wherever the circus may go, it will perhaps not have a more select and distinguished audience than it had here Monday. The menagerie itself contains animals enough for a well equipped zoological garden and is more than worth the price of admission to citizens of towns and cities which have no such gardens in which the young and old may go to study history. As for the circus of three rings, where some splendid trapeze and acrobatic feats and displays of strength, bare-back riding, horse racing, hurdle leaps in tandem, pairs, threes, fours, Roman chariot races and other interesting sights were constantly engaging the attention, it goes without saying that while one circus is not much more than a repetition of another, Sells Brothers' Circus was considered far in advance of all like competitors for public favor that Frankfort has enjoyed for more than ten years.

Cholera in New York.
The wires bring the dread tidings that the terrible scourge has actually made its appearance in the city of New York. Five deaths from the cholera have occurred in different quarters of the city, the first on the

6th and the last on the 13th inst., and the people and press are sounding an alarm to the whole country to quarantine and prepare to attack the invader. The large cities of the nation are vigorously at work to guard against the entrance and chance for the disease to obtain a foothold in the midst of their inhabitants, and it behooves Frankfort to wake up and resort to every active measure of precaution which the law and general welfare will warrant. Clean up the premises and streets and alleys and plentifully distribute lime and other disinfecting agencies over the whole city. Beware of unwholesome, knripe fruit, and neither eat nor drink any food that does not come hot from the stove. Both water and milk should be thoroughly boiled, and even butter and cheese abstained from! Under such sanitary regulations and a close watch kept for stray immigrants from the infected cities and countries, the awful work of death may pass harmless over this city.

Wanted.

The above sale shows that the city's credit is yet good, as a premium of \$292.50 was paid for the bonds.

Nice Farm.

Notice to Delinquents.
I have had five hundred blank petitions for the purpose of bringing suit against the delinquent tax-payers for the year 1891. In order to save the tax-payer the cost of a suit, which will in many cases amount to more than the tax, I have sent out printed postal cards warning them of my intention. Those who receive such a card marked "last notice," will have suit filed against them the first Tuesday in October, 1892, unless said taxes are paid before that time.

Quarterly Court Proceedings.
County Judge Williams' Quarterly Court was in session this week. There were fifty-seven cases on the docket for sums ranging from four dollars to an amount less than one hundred dollars. Violet represented the plaintiff and Mr. James A. Scott the defendant. The case was continued.

The case of next importance was that of J. C. Suter vs. G. W. Reynolds, of Swallowfield. The jury awarded a verdict of \$75 for the plaintiff.

Among others of minor interest were the following cases in which judgment for small amounts were rendered by default, viz.: James Powell vs. Jno. S. TRAINED SEALS.

Have Animals More Than Instinct?

Sea lions are low in the scale of intelligence, and yet at Sells' circus Monday these animals displayed training that naturally raised in the mind the oft contended question as to whether animals were endowed with instinct without the power to reason. The seals beat drums and ceased beating when the trainer spoke to them, excepting one acting as the clown, which, upon the trainer turning his back, and contrary to his expressed command, continued to beat his drum. The clown seal also picked a guitar while the largest of the quartette barked a song which, upon the trainer's request for the chorus, suddenly ran down into a series of short coughs. Nearly every-one has witnessed or read of the wonderful training of birds, monkeys, horses and dogs that perform all kinds of astonishing feats upon a mere word of command, but many will doubtless recall the pack of trained dogs that in their performance at the old Louisville Exposition on Fourth and Chestnut streets about twelve years ago, among other things, furnished undisputed proof that a dog can count. One dog, in particular was told to roll over on the floor five times and he did it by rolling once, twice, two times, three times, four times, five times. The trainer said that any one in the audience could designate a number not above ten for the dog to roll over and eight was suggested. The dog performed it successfully as he likewise did three, six, seven and nine. Was it instinct that taught the dog when to stop rolling at the required number of times, or was it not the same power to reason that tells a boy in school that one and one are two, two and one are three, three and one are four? Numerous remarkable stories are told of dogs and horses that certainly go far towards proving the theory of reason in animals, and if they have reason that is manifestly greater in power and intelligent service than in an idiot person, who is not denied all the attributes of a human being, is it not possible that they may chance to have a soul also?

The Indian, which Pope says.
But this is said to be equal say.
His faithful dog shall bear him company"—
may not be altogether wrong after all.

To say the least, though an animal can not express in words its sense of need, sorrow or pain, its susceptibility to such high training will push the accepted theory of instinct so close up to the line of reason that not even the finest hair-splitting caustics can show where instinct ends and reason begins.

Capt. W. A. Abbott, who has long been with Messrs. Percival & Hatton, Real Estate and Insurance Brokers, Des Moines, Iowa, and is one of the best known and most respected business men in that city, says: "I can testify to the good qualities of Chamberlain's Cough Remedy. Having used it in my family for the past eight years I can safely say it has no equal for either colds or croup." 25 and 50 cent bottles for sale by J. W. Gayle, druggist.

Matrimonial.

The wedding of Mrs. Alice B. Orison, daughter of Mr. Hiram Berry, and Mr. Geo. H. Watson, Secretary, Treasurer of the George T. Staggs

Co., is announced to take place late in October.

Mr. Philip Schietinger and Miss Mary Neva McCoy were married Tuesday afternoon, September 13th, at the home of the bride's parents on the South Side, Rev. George Darsie, of the Christian Church, performed the ceremony. The attendants were Mr. Philip F. Dine, of Louisville, and Miss Virginia Nelson, of this city.

For many years Mr. B. F. Thompson, of Des Moines, Iowa, was severely afflicted with chronic diarrhoea. He says: "At times it was very severe; so much so that I feared it would end my life. About seven years ago I chanced to procure a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It gave me prompt relief, and I believe cured me permanently, as I now eat or drink without harm any I please. I have also used it in my family with the best results." For sale by J. W. Gayle, druggist.

CITY COUNCIL.

The Kentucky Midland and Fuel Gas.

The City Council held an interesting meeting Tuesday night and passed upon measures of much importance to the city's welfare. A sewer was ordered to be constructed in Ewing street.

Petitions were granted to Turner Winkler to transfer his grocery license to John S. Marshall; to R. W. Buckner to build a frame house on the extension of Holmes street; to W. C. Williams to transfer his grocery license to Marshall & Peyton, also for a bar room license to Fred Sutterlin in the stand lately occupied by John Driscoll. The petition of the Peoples' Grocery Company for a license was referred to the license committee.

A petition to regulate the city clock so that it will keep standard time was on motion of Councilman Collins, laid on the table by a vote of yeas 3, nays 2.

Councilman Mastin, from the ordinance committee, reported an ordinance granting the right of way through the streets and alleys and across the bridge to Messrs. B. C. Milam, S. B. Holmes, D. C. Crutcher, Wickliffe Chapman, E. E. Hume, W. L. Pence, J. M. Frazee, J. Proctor Knott, Fayette Hewitt and W. E. Gray, their successors and assigns, to lay and maintain pipes, mains, meters and machinery for the manufacture and distribution of gas, the maximum price to consumers not to be greater than fifty cents per 1,000 cubic feet, and the right conferred to continue until revised by the council and council on twelve months, written notice ordered by a resolution passed by a majority of the councilmen present at two successive regular meetings and signed by the mayor. The ordinance was unanimously passed. An ordinance to accept from the Frankfort and Versailles Turnpike Company that portion of their road lying in the city limits was referred to the committee to report at the next meeting.

The Mayor's message on the Kentucky default delinquency of \$23,000 interest on the company's bonds given to the city as a guarantee for the city's subscription bonds, and also the right of the city under the terms of the contract to representation in the company's directory, was referred to a committee consisting of the Mayor, City Attorney and Councilmen Mastin, Darnell and Darnell, with power to agree upon the best settlement that may be had for the city's interest and to report to the city's right to representation in the directory. The committee are required to report the result of their work to the council within thirty days.

The matter in dispute between the city and the gas company was not brought up. The gas company's bill for lighting streets for six months was \$2,100. The city claimed that the gas company owed \$1,200 on the purchase price of the plant. \$40,000 and also \$337 for one year's taxes on \$75,000 valuation of property. This would make the gas company owe the city \$37, and under this is an adjustment of the matter, City Clerk Payne is withholding the warrant for the gas bill and the gas company is threatening to turn off street lights. Action will probably be taken at the next meeting of the council.

sailles turnpike, about three miles from the city. The ceremony was impressively solemnized by Rev. Geo. Darsie, of the Christian Church. The couple were attired in travelling toilets, the bride wearing an elegant blue cloth dress and the groom a handsome frock business suit. Immediately after the ceremony the guests sat down to lunch, after which the happy couple took their departure for Chicago. They will return to Louisville—their future home—and for the present, board at the Galt House.

The groom is a son of Col. S. F. J. Trabue, of this county, and an attorney-at-law with a practice at Louisville which promises him a future career of honor and prosperity. The bride is a daughter of the late Mr. Sam South, who was the eldest son of Col. Jere South, deceased, the keeper of the penitentiary and a politician in his day of considerable influence and power in the State. She is a pronounced brunette, tall, and strikingly handsome in face and figure, and, like her sister, Mrs. Hume, wife of Dr. E. E. Hume, of this city, enjoys the reputation of being a most intelligent and well-informed young lady, whose mind is happily harmonized to all the refinements and tender graces of a lovely womanly character. She will adorn the home and circle to which she has been transferred.

Those present at the marriage were: Mrs. Annie South, mother of the bride; Mrs. Hume, sister of the bride; Col. Trabue and wife, parents of the groom; Messrs. Ed. F. Robert and Will Trabue, of Louisville, brothers of the groom; Mrs. Ed. Trabue; Miss Alice Trabue, the groom's sister; Dr. Berry, of Louisville, the groom's uncle; Mrs. Eudora South, of this county, the bride's aunt; Mrs. Shannon, of Harris and Amelia, Va.; Justice Hargis and wife; Mrs. Kate Martin, of Louisville; Mr. Wm. United States Deputy Marshal Con McCarty arrested Henry Quire, of Shelby county, Wednesday on the charge of sending an obscene letter to Jack Estes, of Harper's Ferry, Henry county. Quire was held over under a bond of \$200 to answer before Commissioner W. J. Chinn the last of this month when an examining trial will be held. The bond was given and the prisoner released.

Tuesday the House unanimously passed the Stephenson revenue bill as amended in the Senate Monday. It is merely an expedient to postpone the date of assessment under the Hewitt law from September 15th to November 15th, and leave the State, in case the Legislature fails to pass a new revenue law, with a law in force to make the assessment for 1893. The bill was signed by the Governor and became a law Wednesday.

The Democratic Club of this city met at the court-house Tuesday night and a large assemblage of voters were present to hear the address of Attorney General Hendrick, who was the only announced speaker for the occasion. As the Attorney General did not arrive until late, Colonel Thomas B. Ford kept the audience entertained for half an hour or longer, and was followed by Senator Ogilvie, of McCracken county, who made a stirring campaign talk until the arrival of Gen. Hendrick, who spoke for more than an hour on the party issues and nominees for Presi-

dent and Vice President. His speech received the closest attention and was frequently applauded. The club will meet at the court-house every Thursday night at 7:30 o'clock.

Finley and the present incumbent, Hon. John H. Wilson, for Congress.

Last Friday, in Louisville, through some unknown agency, Mrs. James Austin, the keeper of a flat on Second street, near Jefferson, used for unlawful purposes, and Mrs. Sherrill, wife of Edward Sherrill, a drummer for B. F. Avery & Sons, whose reputation has heretofore suffered no reproach, were poisoned and died from the effects of it a few hours after eating their breakfast. Mrs. Joe Cole and Mr. Vincent Spaninger have been arrested on the charge of committing the crime.

The first cabin passengers in the quarantine ships Normannia and Cepheus of Sandy Hook, had considerable trouble in landing at Fire Island. Jere South, formerly of this city, and son of Mr. Sam South, deceased, has received an indorsement in Baxter county, Arkansas, where he resides, by a re-nomination of the Democratic party in his district for the Arkansas Legislature, in which he signally distinguished himself at the session two years ago, when the State Treasurer's shortage was discovered. Jere was made chairman of the committee to investigate the accounts of that officer, and his report was so complete and comprehensive that it was accepted without a dissenting voice.

County Clerk N. B. Smith on Wednesday issued a marriage license to John Roach and Mattie Roach, of Antioch. A license was also granted the same day to Wm. Middleton and Alice Jones, of Bridgeport, both inmates of the county poor house. Middleton appears to be an intelligent middle-aged man who would scorn to be dependent upon the charity of the county. But how he proposes now not only to support himself but also a wife is a mystery which the uninitiated hard-working citizen would doubtless like to unravel. As there is no law to prevent their marriage and none to keep them in the poor house they were

granted the license and allowed to take their departure for Lexington, where the groom represented he would be able to earn a livelihood.

Assistant Secretary of State Leigh, while rummaging in the vaults in the Governor's Office Monday, found the historic gold medal presented in 1815 by Congress to Gov. Isaac Shelby for gallantry at the battle of the Thames. The Librarian of Congress, in a letter to Gov. Brown, stated that the same Congress presented a similar medal to Gen. Wm. Henry Harrison, the grandfather of our present President, for like gallantry in defeating the British and Indians under Gen. Proctor on the Thames October 5, 1813. The medal weighs nine ounces and is worth as bullion about \$165. It will be restored by Gov. Brown to the descendants of Governor Shelby.

Right or Wrong.

Which will we have? It does seem as if some folks prefer to have the last condition of the liver rather than the first. They perpetually dose themselves with purgatives totally without virtue as alternative of liver trouble. Hostett's Stomach Bitters is the successful candidate for the people's choice, and yet, popular and well known as it is, there are unfortunately who keep on trying the drastic remedies of former days. It is to the intelligent portion of the public that the well known and long tried properties of the Bitters appeal. Bessie would be guided by experience in the matter of medication. "The best guide to our feet is the lamp of experience," said a great patriot of the early revolutionary period, and the explanation is pregnant with truth. For over a third of a century the Bitters daily has met with the endorsement of people suffering from liver complaint, malaria, constipation, rheumatism, debility and troubles accompanied by dyspepsia. Lately it has declared itself and been thoroughly approved as a remedy for "la grippe."

To Charlie:
Thou hast left me, dear heart,
Like a beautiful dream,
And I've sought thee in vain
By the valley and stream.
I have breathed thy dear name
To the winds floating by,
And they answer me with
But a deeply drawn sigh.

GOOD THINGS

ARE IN STORE FOR YOU.

THE GOOD THINGS WE REFER TO ARE IN OUR STORE, AND THEY ARE THERE FOR YOU AND EVERYBODY.

OUR STOCK IS LIKE A STREAM— hundreds take from it, yet it never diminishes. This, of course, is because there is a never-dying spring of supply that feeds the stream.

SLUGGISH STREAMS STAGNATE— So do sluggish stocks. They become decayed. They are not fit for commercial use any more than decayed meat. Finally, they are known as "dead."

CONSTANT MOTION KEEPS WATER IN THE BEST CONDITION— and a constant flow of trade keeps a stock in best condition. We have no dead stock, because our stock never stands still. It is always flowing out and flowing in.

DO YOU APPRECIATE THE ADVANTAGE of buying always from a clean, fresh stock of new goods? If you do, you can have that advantage by trading with,

R. K. MCCLURE,

St. Clair Street.

Boots, Shoes, Hats, Books, &c.
